Sk8rRIMukLook at the amount of replies .

Seriously you gotta be kidding me especially when you look at there ages....

He has to be making this up, seriously becuae that's just WRONG.

I think it is BS also, but age doesn't mean anything. My grandma had twins at the age of 54. I am actually 3 months older than my aunt and uncle 35.

Either way if it is BS or not, this person is a sick fuck. For doing it or just even writing this shit.
