Imfao @ wyld1 knowing jack shit about jelly even though hanging out there for years and liquid spewing lies upon lies because he has some kind of compulsive lying disorder.. hes been back 1 week and i've been fine for two years without him .. the one week he's back im immediately banned again. i bet it's a big fucking coincidence. you tell me to /ignore people that troll me constantly yet you won't just mute me? you ban me from shit i have not offended anyone on? lol you said yourself IRC is an open forum .. i guess that rule applies to everyone but me .. cause you and ethenal both reprimanded me when i banned your butt buddy atrocity for posting horse porn and girls being fucked by 10 black cocks at the same time and telling me to hang myself. but i respond legitimately to someone stalking me and you ban me.... uh?? LOL

PS: thanks for the fucking warning or notification that i was getting out of hand .. nope i was perfectly fine for the last two years or whatever no notification that my behavior was approaching unallowable .. just pull the straight 6 month ban out of your power abusing ass
