lol just tried to connect to rencorner IRC and teamspeak but i can't because apparently it's linked to jelly .. why am I z:lined from the entire network when i only did one thing in one channel? may i please be unzlined and just banned from the jelly channels? to punish me by making me unable to join any part of renegade is pretty harsh on top of the fact that this punishment is already ridiculous for something that i was completely in the right of. if you guys were being stalked i think you would react the same way.
