[20:33:30] <AnThRaX> Ethenal seriously why do you go out of your way to troll me unprovoked?

[20:33:35] <~raven> i fuck for a week

[20:33:35] <AnThRaX> when do I ever direct anything i say towards you

[20:33:36] <AnThRaX> LOL

[20:33:56] <AnThRaX> usually it's tobi telling me to hang myself unprovoked and you join in on it

You presented this like it's a contiguous log, however, if your computer's clock is not broken then you're responding to my insult before I said it, which of course is you know... impossible.

keep lying mr. liar liarpants

I lied how? Keep ignoring the comments about Atrocity and your blatant hypocrisy? I told you those were all random logs that I found in ten minutes, I never once claimed they were in chronological order. Will that make you feel more justified about abusing me and getting away with it because you're an admin? #Jelly has never been a moderated channel, it was because I was the "offender". liquid says I lie constantly, he is the liar. I may be bad with time because I have ADHD but that is part of the condition, the facts are the same. BunnyK has been stalking me way prior to this incident and the time when she used an alternate account to try to hook herself up with me over the internet. The fact that I am banned when I was literally freaked out to the max is quite hilarious.

EDIT: It's hilarious because you and liquid literally look for any reason to keep me banned. The funniest incident being the time when Lugia teamkilled me in the community war and liquid kept me banned for like 3 weeks because there was no way the bipolar raging german freakazoid could have ever done anything unprovoked. Great use of mod power. Let's not mention the times that liquid has banned Anonymous, BunnyK and Sarahliz from the community for years after their e-relationship goes awry. The fact you guys let that sociopathic lunatic represent a once very well respected community is the reason it's so dead currently. Even the mods feel like their input doesn't matter because liquid always gets the final say no matter what. He hasn't been around in what? (I don't want to be A MASSIVE LIAR IF I GET THE TIME WRONG) 3 years? Yet he is still in charge of all the executive decisions? He comes back for maybe (I HOPE IM NOT LYING) 2 weeks and already decides I should be banned permanently? LMAO I was fine for the last (AM I LYING AGAIN?) 6-7 months with no issue and the second (wait two weeks) that guy comes back I'm permanently banned again. Nice server you're running there! Good thing I'm wasting all this time embarrassing you (myself) because I'm sure I could have donated 1000 dollars and liquid would have banned me for offending him by outdonating him or some shit.
