ehhh wrote on Wed, 05 February 2014 08:08so who did ethenal tell to kill themselves??!?!?

If this is serious I could go back and try to find it. (I MEAN MAKE IT UP IN MICROSOFT WORD HEHEH) Think it was me though.

There is no possible way liquid or Ethenal could ever be able to support my ban after the shit they let and encouraged Atrocity to do on a daily basis in #jelly. He told everyone to hang themselves, brutally criticized their appearance, told them he was going to kill their family, demoralized their intelligence, encouraged them to start their car with the garage door down, etc. liquid and Ethenal encouraged this and 9/10 times they were right there saying shit with him towards me, saying I had a faggot voice and asking how much cock I sucked etc. The shit that this guy got away with and was endorsed by Ethenal and liquid makes my banning one of the most hypocritical things in the history of Jelly. I at least had reason to freak out. The logs I posted of Iran should have been at least a 12 month ban if mine is a 6 month ban. I was just told that #jelly is unmoderated .. nope certainly not the case if it's big bad anthrax!!

I specifically remember one incident when I was still a mod, Atrocity started posting like 2-3 pictures off 4chan of a white girl getting railed by like 16 black men at the same time ... weiner in every orifice. Just an unnecessary amount and it was like bloody and disgusting .. typical 4chan shit. Well I banned him for all of ten minutes from #jelly before liquid reamed me and told me that #jelly is not a moderated channel and it's a free for all .. he told me I would lose my power in #jelly if I banned Atrocity again lmao. After all that shit that guy did I was the one in the wrong. Now fast forward to a week ago when I finally get fed up with years of harrassment from BunnyK and have one little freakout and he acts like I'm some out of control animal when I had been on a pretty tight leash prior. No warning or anything just a sweet six month ban!
