you said it to me at least twice a day for a year in TS with liquid and atrocity .. don't bull shit. i know you two uneducated geeks think you finally won the battle on someone you're clearly quite jealous of but you're just embarrassing yourself banning someone for less of an offense than you committed daily. if i had my old PC the logs would embarrass you. infact i have some quite terrible logs but i don't want to make this too personal. can you please just unban me or answer my questions ?
