nice try - I know you're genuinely trying to justify yet another person having disdain for you, I know it's a lot to handle, but eventually it'll become too much for your brain's rationalization processes and you'll break!

until then - I was probably a half or full mod when we used to troll you, liquid wasn't on the staff and Atrocity was definitely never on staff. But when I talk about trolling you back in the day, I don't know, man... that seems like years ago, and I'm pretty sure it was, lol. I was at least still in high school!

(liquid may have been a + or % at that point I can't remember)
