Seriously you gotta be kidding me especially when you look at there ages....

He has to be making this up, seriously becuase that's just WRONG.

I think it is BS also, but age doesn't mean anything. My grandma had twins at the age of 54. I am actually 3 months older than my aunt and uncle 35.

Either way if it is BS or not, this person is a sick fuck. For doing it or just even writing this shit.

Yeh it sounds just a little to much like a made up story, it is perfectly planned and it isn't wirtten in the kinda worried tone you would expect from somebody who just did something like that.

Still he is.... SICK!!!!
