I'd just like to point out that the only reason Tanker got caught helping you out is because you literally cannot stand to have people attacking you where you can't defend yourself, so you tried to defend yourself here... which naturally drew some questions, because you were defending yourself against things that weren't said on here!

When Crimson and luv2pb used my admin password on Exodus forums to read the forum, we didn't notice until Crimson made some little quip about something we had said in private on a RenForums thread, which prompted Prulez to look at the Apache access logs and see that, indeed, a Phoenix, Arizona IP address and a Wisconsin IP address were logged into my account, viewing our private forums. (my own fault, however - I used the same password at n00bstories and RenForums as I did at Exodus, so it was a very trivial matter for her to get my password)

The point is that we caught you the same way. If you hadn't opened your fucking mouth, we never would have known and Tanker would still be a mod but - nope, you're too god damned stupid!

good riddance LMFAO
