captain power trip at it again. jelly was so much better before the most socially awkward man alive became supreme ruler and tyrant.

TaNkEr: lol you'll love this, so i've played renegade the last 3 days in a row, with manuel and kesler and scruffy knows ive been ingame, no problems

TaNkEr: liquid comes on irc, and bans me saying not welcome here

TaNkEr: i ask scruffy if he consulted anyone else opinion on it, scruffy said no. so again he takes it upon himself to ban me, when clearly the other mods are fine with me playing. im not a mod. im not on website and im not on irc, who gives a shit if i play? honestly? nobody cares apart from liquid.
