good ol' raven can't even take liquid seriously. lol. if only jelly had realized how corrupt his community had become a few years back he could have gotten rid of liquid when it could have potentially saved the place. oh well shit happens. i don't think there's one person that likes him there aside from maybe you ethenal from what the mods have told me in PM and the reason most people have resigned or stopped coming around is because no matter what you do or say liquid always has the final say regardless of the fact that he doesn't even come around (until very recently but of course I was banned the second he came back because he doesn't like me ). lmao. no reason to be part of a place like that.
