Imao don't you have some weed to smoke in your middle school principal's office cool guy? it's so funny how split the mod team are and how submissive you all are to liquid. no one gives a shit about anything until he's around and then you all lose your fucking testicles. i know for a fact raven and scruffy had no intention of ever banning tanker but captain power trip had to get his daily fix. it's funny how far down your throat his 1 inch cock is though. any bigger and it wouldn't fit! Imao

what a coincidence that the two most pompous and arrogant pricks in the community are also the least educated. enjoy minimum wage jobs til you die bros, at least you have some sort of importance on an online gaming community! i would say you'll both die virgins but liquid already banned the girl he lost his to and the two other previous e-girlfriends before the one he has now. speaking of which has anyone seen her since he moved there or does he have her locked in the basement? if i end up disappearing i guess you all know why.

EDIT:

TaNkEr: Ethenal, it's rich that you say it was an accident, if Raven went to the trouble of banning me from the website and irc, if he wanted me banned from the game it's the easiest part..

TaNkEr: After I was banned I spoke to Scruffy who informed me that I wasn't banned ingame, only from website and irc... he even made me a script so I could join on my formerly mod name without needing to Authenticate myself.

TaNkEr: I played for 3 days in a row after that, alongside kesler and manuel who i donated when they joined.. then liquid comes on and bans me? please dont try and cover up for liquid as it's really blatant and you're only making yourself look more retarded than you already have (dodging any valid question by questioning anthrax's persona)

TaNkEr: It's quite obvious that no-body cares apart from liquid, everyone else is fine for me to play, but no-one cares enough to say "liquid, that's bullshit" I didnt threaten anyone, I wasn't racist and I wasn't out of order... my offence was a website related issue and the problem was resolved by Raven by banning me from both the website and irc.

TaNkEr: there we go

TaNkEr: lets see if any of them actually answer anything ive said, or just sidestep it as usual
