Yes Jesse, you are correct, he did not consult raven, because raven was not around. raven showed up about 30 mins later and then you have the quote I pasted.

So now what? Your main grievance is how we handle internal matters? liquid is the devil because he didn't consult raven before he banned tanker, even though we know the result would be the same, since raven did indeed intend to ban tanker from everything?

As to why you're insulting Scruffy I don't know, lol. I guess because he didn't say what you need him to to support your outrageous accusations. Same goes with produce. Why don't you just keep all your hate (mis)directed towards me and liquid? We can both handle it, I promise.
