I'm genuinely sorry that you feel this way about me. We both know that stuff like this generally has two sides to the story. Believe it or not, I went through my logs to try and find anything that said you were provoked to the level of anger you expressed. I didn't find anything. As I said in the thread, which you have read, we all make mistakes. I've said things in public channels that needed to stay private. People make mistakes, but based on the reaction you had when BunnyK said your name in #jelly, I couldn't justify voting against a ban. Reacting like that to someone saying your name in a channel is overboard. People have said my full name in public channels. All that was required of me to fix the situation was to PM them and ask them not to.

Again, I'm sorry you feel that way about me. You're more than welcome to hate me all you want. At the end of the day, you're the one who has to live with it, not me.

I think you're completely unaware of the situation as are the majority of the admins weighing in (andy, crypt, jelly, JK, etc). You only got liquid's side of the story. I pm'd him multiple times and asked him to deal with it and he called me a pussy so I took things into my own hands. If he would just take some responsibility and not hold an e-grudge like a fucking toddler for once this could have all been avoided, but we all know it just perpetuated his personal agenda of getting rid of anyone who opposes him. He wins again.
