I'm just commenting on the pictures they've shown in this topic and giving my feedback.

I'd argue the graphics are worse in some aspects

The Medium Tank looks like it's a plastic model that someone took a blowtorch to, it's lumpy looking and has very little material definition - definitely doesn't look metallic at all

you need glasses how did you become an artists?

I argue that they spent to much time on detail then actual fundamentals of renegade.
