They only talk on TS. and guess what i cant always go on ts. I mainly use irc and nobody talks on there. there is serious lack of communication. I was always active on the forums. And excuse me for doing other things not related to MPF. I must be active on mpf 24/7. MPF is your life and nothing else matters. I pretty much watch and comment on stuff, mainly the forums. If zunnie did care about the server he would have ask me why i said what said. sadly he did not. You have banned people who could have help MPF. Logs and action speak for themselves.

Mike stop trying to take cheap shots at me. You dont know why my English and grammar is so bad.

lol ts do you see me on ts all the time, no, my irc is always open and i always posts my concerns on the forums

you say people have to be active on MPF 24/7, well we dont expect anyone to be active all day / anyday i know im not, you say mpf is my life thats a bit rich isnt it, another one of your delusions. you say we have banned people that have helped MPF yes thats true but they got banned for a reason (the only time i will mention Tiny ... Tiny helped out MPF alot but then him being Tiny fucked up big time) .. but what you fail to realize is MPF has given alot of people second, third even forth chances to redeem them self's (you included) some take embrace the chances others piss them away (just like you did).

anyway have fun

then tell me where everyone talk on irc? no one talks in any of the irc channels. there is no communication between server mods and staff. it all happens in private which is stupid and leads to problems.

Alot of problem and bans could have been prevent. But no, some how u make things worst alot worse. Hell u even banned someone who made a ban appeal and got denied. the guy was trying to argue the point but he got banned before he could argue it anymore. No one on the staff team know how to deal with any problems. its just ban u cause well we dont like or broken the rules twice. u would rather ban people then deal with the problems.
