Where in the brensource is this line located:

[5:20pm] <&KamServ> [CONNECTIONREFUSED] Refused connection from CADETE20(188.251.33.206)(1f68f948895042082b4355d20449e025)(0.0)(0): The Tiberian Technologies community patch is required to play on this server. You can download it at http://www.tiberiantechnologies.org/.

Edit: Nevermind, it looks like it's in the DA source plugin for brenbot, which is why i couldn't find it in source. xD
