danpaul88 wrote on Sat, 28 June 2014 15:35 First I've heard of any issues with the GSA plugin, can you elaborate exactly what problems you're seeing so I can look into them? I don't run or have access to any server which uses a GSA master server so it's hard to actually test things out on my end.

When I host a server it correctly displays player count but it doesn't show players in game in the listing.
