SSGM plugin that allows you to donate or team-donate. You Can use partial nicknames with !donate/!d, and !teamdonate/!td requires you always put in an amount.

I wanted a simple ssgm only donate plugin and I couldn't find one.

[Plugins]
00=BanSystem.dll
01=Mute.dll
02=Donate.dll

[Donate]
; The donate/teamdonate wait time is set in minutes.
WaitTime=3
