Xpert wrote on Sun, 28 September 2014 16:02Never had this problem. Unless you're only running 2 maps then maybe because I've seen it bug sometimes with just 2 maps on rotation.

Na.

I wrote a simple ssgm rotation command to show what I mean.

With the brenbot command you see a map missing from the list, there are 5 maps as you can see from my plugin.

The brackets mess up when it gets to a map not listed.
