PGS-PC wrote on Tue, 10 March 2015 03:48OK I have the 4.2 test build.

I can't set the resolution above 1920x1200 else it crashes going into options anything higher then 3200x1800 the game wont start.

I'll test this when I get home, I'll hook my pc up to my TV, pretty sure its resolution goes to 1920x1200.
