Is there someone out there who is good at writing PR and announcement type posts and info (of the sort seen in this post <http://www.renegadeforums.com/index.php?t=msg&th=40646&start=0&>) and who knows some things about scripts? Someone who can help me produce a PR/release post for Scripts 4.2?

The final release of 4.2 is ready to go, finding someone who can do a release post for me (since my PR and writing skills suck) is the last thing I need before we can release.
