Wyld usually doesnt play, he cant handle the Game and the Players, you will most likely find him beeing afk on a TS Server or busy trying to crouch up some girls back in a Community. Whenever hes not busy trying to get on modteam and then doing nothing besides trying to give hugs n shit... Pretty poor Guy

We're bringing Wyld back as HeadAdmin. Now you have nowhere to run. gg sir, gg.

Well, he would be afk most of the time, pumping out some internal shit about how well educated he is, and tbh, if things go wrong he would leave the boat first, just like he did when st0rm shit happened. Relay on him and you are fucked up sooner or later, and be sure you rescue ur girls first otherwise the pedobear will take them on his boat and ^^
