There were no mods to begin with

Evil, and here I was just going to kindly remind him of all the times I poked fun of him because of his mods.

The thing Liquid accused me of, I actually did add headsh00t(had to look). Imao
You can bash it all you want, I think this is his first incident since he was made a mod in April.

If he wouldnt have acted like a totally asshole afterwards and said atleast sorry for
missmoderating i would have proly forgotten it already. Instead he acts like a little Child now
afterwards, i.e. hes Teamhampering me with his fuckbuddy mintshake whenever we are on the
same Team, pushing me into open with Apc and such. Im pretty sure this isnt the last time i had to
mention his name if this goes on. Sorry for that.
