One of the incidents that comes to mind where mods fucked around with their status and abused their positions on Jelly was really led by Xpert, and I wasn't going to bring it up at all but he popped up in the topic anyways
Action was taken so it couldn't happen again in the future, and temper tantrums were thrown

H3adSh00t is from Romania or somewhere around there because T0RN made a gypsy reference on IRC once and the guy went 100% postal

The funny part was T0RN wasn't even talking to him

Are you sure he was in OSTK before? Or that he actually succeeded at being a mod elsewhere? What DJ said lines up completely with how I'd expect him to act, based on how he always was in the past

Here's the card I made for him in 2012
