I would love more than anything to have our games associated with content thieves, Tanya rape screams, and C&C 3 aircraft carriers on every map. OH and lets not forget copy/paste palm tress everywhere. Quality work Zunnie very well said, but it falls on deaf ears - the man is a master of mental gymnastics

Wallywood wrote on Sun, 01 May 2016 23:30 Could you refresh my memory again as to why you were mad at me? Was it because of the old ACK feud? (that's long since been resolved) that had nothing to do with you, but you still decided to get involved. Or was it because you didn't like the Avengers movie?

Well how did you feel about Deadpool?

I was never mad at you, and I've never even spoken to or really conversed with you you should go back and read your posts from years back and I think you'll come to the same conclusion I did - I made similar assessments for troopr02 and DJ-EYE-K

I don't know what the point of the newest Avengers movie was other than to bring in new characters, but it was a letdown for me (not that I didn't like the movie, but I liked it less than I thought I would)

Deadpool was fucking great but I think they outdid themselves and any attempts at a sequel will fall short because of how stellar the first movie was

what up Iran

p.s. where is his repair gun Jerad?
