I suspect Jonwil would have a heart attack if we suddenly found out that a majority of the community was playing on MS DOS lol.

jonwil wrote on Sun, 12 November 2017 01:56If anyone is playing on MS-DOS I would want to know who wrote the magic software that allows you to run a 32 bit Windows binary on an MS-DOS install.

lol

It was developed in xp so that support should be there. But is it really needed. I say no. I'm sure there is more then 1 or 2 players that still use xp and that is a problem.

"3.Forget the whole thing and just stop scripts 4.x development for good (obviously not the preferred option Smile"

I don't this that is even a possibility for you, you have gone this far.
