jpgvYo darkdemin, do you need a aimbot? Give me your email and i sent 1 too you. All you need to do is fill in your serial number and it works, you dont even have to aim at the person. You just press your left mouse butten and someone dies. Pretty cool.

Wow.... These bitches are popping up all over the place. "Im a worthless n00b that doesnt know WTF skill is and needs to use some shit-ass aimbot."

I could understand if you were maybe like 2 1/2 years old and did'nt know WTF you were doing, but thats different, you never know WTF you're doing.
