Hello everyone, I am a 24 year old gamer from Arizona. I remeber playing C&C Renegade shortly after it came out on my dad's old office/house computer. I loved the campaign and would even occasionally play the multiplayer mode by myself with bots as I could not find my way to any servers haha. Anyways, I was browsing reddit to see if there was a community on there and it didn't seem like there was much of one other than the general c&c community so I found my way here. It's pretty amazing seeing posts from 20ish years ago. It's really cool seeing this forum site still have some active members. I don't plan on being around here much, but I just wanted to make my mark here as somone who has shared the love for the game and all c&c games at some point in their life. Thankyou for reading, I wish everyone well and thankyou for loving the game I loved as a kid.
