Quote:It really, really sucks.

2. Make all of the blocks like "Recent Topics" and "Search" the same width.
3. The Navigation panel looks ugly and it doesn't match the site.
5. Either he didn't care and wasn't even trying to make the site's layout look even half way decent or he can't.

Quote:Lose the marquee it makes the site hard to navigate. Little annoying when I have to wait for the link to appear again.

I dislike the "under construction" symbols. They do not clash with the menu Aprime made. Maybe you could just make the link go to an "under construction" webpage.

Previous points that still haven't been dealt with.
