Havoc_eliteACK I don't get this in the first place, it isn't impossible to get 3000+ points you know. I managed to get that millions of times... :rolleyes:

I think you need to read it again. Start at the beginning, take your time, you might find something in there about the timeframe in which the points were gained :rolleyes:

BTW, Ferhago, Java was right (error=mistake) and you made yourself look a little foolish
