in Red Alert 2 i sucked so bad at the start i lost my first 10-15 tournies. It got to the point that I felt like i hated to win, therefore i created H8twin which i thot looked stupid so I made Hate2Win instead and i grew to love it and get this, I FINALLY WON A TOURNEY AFTER USING THE NAME for 3-4 games .

MADtankge was just a test name to see what it took to get the blue badge in yuri's revenge, which turned out it could be done in 20 wins easy.

Tr0janM4n was just me looking for a change and a name to add to the sleight-of-hand clan my DOPE buddies made to throw people off beat when we clan battled.
