smwScottIs there a reason you can't have more than one game on your computer?

So ... uh no game is worth uninstalling Ren for.

Well I have a GRX500 Sony vaio laptop 2001 20gb hard drive, and only 3gb of free space left. Got it? I's better to delete the lest used game than to waste space.

I think EA will make more C&C titles in the future due to "ZERO HOUR".
