majikentFlubberWhy dont u all STFU , thankyou and not only that i dont care what u say its fine in my eyes , and like i just said i dont care.

If you don't care, why even model/texture it in the first place?

Exactly... You don't even care that your model looks like crap, you don't even care enough to make it look any more than a half-assed low quality model. Why the fuck did you make it than? Why make something if you don't even care enough about it to make it right?

Laeubi, why is this kid on your mod team at all in the first place? You're just that desperate aren't you?
