PiMuRhoThe other beauty is when you buy a tank and someone hops in, expecting to gun for you. What am I, a chauffer?

I had read this entire thread and was thinking about the hummer, buggy, and both apc's for using Q. It never crossed my mind that someone would expect to be Q'ed in a tank. Very little point in that.

Everytime I ride in a tank, I do so to get somewhere faster or to engie support the tank, never to shoot.
