KIRBY098KIRBY09810. Navy: Fires off 50 cruise missiles from various types of ships, kills snake and makes presentation to Senate Appropriations Committee on how Naval forces are the most cost-effective means of anti-snake force projection.

You guys don't know how true this is.

I watched the cruisers in our fleet fire 13 Tomahawk missiles to smoke ONE sam site that had fired on one of our F-18's over Bosnia.

Just a bit of overkill Navy.

When all they would have needed to do is send one marine with a K-bar!
