cowmisfithahahahahaha its not that big turn up ur resolutions becuase ur the only ones gripen its 2 lines ur monitor is really really small or ur resalution is way to small im not changen it its way smaller than some other peoples on here get over it.

We shouldn't have to change our resolution ( Mine is currently 1024 by 768 ) just to fit your damn signature.

Besides, I was sayign that because they are annoying. Not size. Plus do you know were that picture goes after I look at it? It takes up space that I can use for something else I'm viewing.
