Another fun tale of pure Own4g3 by kirby:

KAZAPLAM'S SNIPER SERVER

8 player, and I am on Nod. 500 Sniper.

Kaza is on GDI. I commence the onslaught, and have absolutely no competition. It's to the point where I am constantly running out of ammo in 3 v 1 situations, and STILL winning with the pistol.

Then all of a sudden I see this: "Kirby, knock it off, or I will kick you. Don't do that again."

?

"WTF are you talking about?"

No answer.

I continue the onslaught, and keep trying to discern the n00b's mindset to avoid getting booted. Not a peep from him. Whatever it was wasn't too serious apparently. At this point, I figure who cares, I have no competition anyways. I start spawn killing, and killing in general at a higher rate than prior. It was like i was freakin Neo for a minute.

47 kills in 30 minutes. I think the nearest to me was sum1likeu with around 20.

Ahh, it's good to be the king.
