Interesting things I noted from the info:

[list]

[*]The sniper rifle fires faster than the Ramjet, but has a longer reload time.

[*]The weapons that can kill more than one person in a row (go through one body and hit another) are: ChemSprayer(3), Flamethrower(2), PIC(10), Railgun(10), SniperRifle(2)

[*]The Orca and Apache are NOT EQUAL! The Apaches rockets have more velocity, and the Orcas rockets have more turnrate.

[*]The most damaging shell is not surprisingly the mobart. Surprisingly the medium tanks shell does more damage than a Mammoth (however the mammoth can fire faster).

[*]The pickup/sedan have a skintype of FLESH. Theoretically it would be possible to use a weapon with a nonzero softpierce (ramjet etc), and destroy a sedan AND kill the driver in one shot, provided you knew where inside the vehicle the driver is.

[*]I never realized turrets were worth 250 points for destroying! You don't get many points for simply damaging them though.

[/list:u]

By the way, this is a replay from a really old post (the date isn't right because it was imported from the old forums), <http://www.renforums.com/viewtopic.php?t=389>
