Here's me killing a poor engy, which is the same guy I killed that was a Havoc in the first picture.

Yes I know they are out of Chronological order but meh.

Here you go you whiney little ho.

Funny how poor strafing, walking in a straight line and a kill from behind show who the real n00bs are. Oh and man I wish I could show another picture of this one GDI guy that was using a soldier yelled and screamed. I killed his soldier that looked to be around 20 health. The red box was a sliver past the second one, but I shot him when he was fighting a chem trooper and he and he yelled that I was cheating. Such great times.
