warrantoAnother Accidental SBH kill for me. It was Islands in the pits servers. I was having a sniper duel with x50cent, me by the GDI refinery, him by the tunnel enterances. The usual stuff occurs, jinking back and forth trying to headshot him, low and behold I miss him only to hear a *boink*. I see an SBH appear followed by the words warranto killed Gizbotvas.

ahh giz got 0wn3d...lol
