Laeubil think you should play RA1. The PhaseTank was NEVER an APC with rocketlauncher.  
:rolleyes:

The phasetank was pretty much just an apc with a rocketlauncher that could cloak. APC stands for Armored Personnel Carrier, which is what the phase tank was.

Oh and that m16 sucks. The skin is really crappy (a really crappy attempt at making a camo m16, and they were never painted with camo, they were black/metalic), and you can clearly see missing faces in certain places on it.
