Sniper, teleportation has never been used properly. It's always been a gimmick to avoid doing work to make a C&C Mode level. Most people like Titan don't even have the basics down, so they cover up the flaws in their work by putting in gimmicks that make you think they really did a lot of work.

It appears to work, but it isn't honest and it sure isn't acceptable in my opinion.

NeoSaber's work is definitely getting run, as he knows what he's doing and doesn't bullshit with excuses like some of you are trying to do.
