different character classes with different weaponry and purchases/control vehicles. The game also has several buildings that can be destroyed to win the game. Also if the option is set on you can use a become to can down a super weapon Ion cannon (GDI), or Nuke strike (Nod) on a pedestal to instantly win the game or kill a building.

It comes with a with a single player campaign were you play as a GDI commando (Havoc) though 12 missions to defeat the Brotherhood of Nod.

Can be found any were from 5-10\$.

Hope this helps.
