I tried banning him at first, then remembered something about that which makes it more prudent to kick. So I kicked him out.

He didn't make a good case for himself. I couldn't get a bead on him. I couldn't track him. He was doing a lot of damage to my character with an AUTOMATIC RIFLE AT LONG RANGE and nearly killed me within seconds.

This was a good player using an anonymous login. How was I to know who it was? He moved extremely fast, killed even quicker, and was using an AUTOMATIC RIFLE to do it.

He wasn't using a sniper. He was using a SOLDIER, a HOTWIRE. Now you tell me what the fuck is going on when soldiers can warp just as fast as a sniper unit can.

Sure, it's easy to sit here from afar and go "omg look at him being a n00b cause he kicked my friend out," but your server has the same thing going on...

I'm not going to fight with you over this. You may think I'm a cheating asshole and wanted to harass me over the game. I'm not going to do it to you, so keep it up, I won't be responding in any thread you make about me in the future, just to show that I have some sort of respect for you, whether you care enough to believe it or not.

Quote:But now he's taken it to far.. He can't stand being called a cheater himself (even though he doesn't think twice about calling anyone else one) Now he's publicly talking shit about me, The Pits and our server.. It?s just getting rather childish, so I thought I'd make a childish post here too, to keep the little assaults alive where everyone can partake in them.. he wants people to chose sides obviously.. so someone make a poll or something

I've made some choice comments in the server, or on IRC. I keep it there, I don't post anything I write on your forums or on any other forums.

Naturally I'm pissed off with you because you think it's funny to play the devil's advocate and harass me whenever you get the chance. Blazer says you were joking with me about cheating, but no, it's not a joke to accuse someone of cheating... I don't bitch about everyone I can't kill. I only accuse those who move at light speed or who get nothing but perfect shots.

You can go on doing this all you want, I don't know what you're going to accomplish. I'm banned from the server because I refuse to play in a place where someone I've known for over a year thinks I cheat the game. Maybe I'm good. Maybe I'm a sack of shit who has to cheat to pretend to be good. You'll find out when RenGuard is released.

Maybe everything you're saying is a joke to me... But I don't think a joke consists of "I'm going to keep harassing you until you feel bad enough to fess up to cheating."

I think it's the opposite, that you're mad that you can't kill me as easily as I can kill you when I'm in

a vehicle. Maybe I'm wrong, perhaps you can show me that I am.
