deadaim00ACTUALLY ASSHOLE. I LOOKED THERE AND THERE WAS NO TUTORIAL. SO FUCK YOU!!

People, people... Please don't assault each other, instead help each other...

I'm not going to get in the middle of a war, take that into the servers... Take care of those things over there, but please be more helpful!

Anyway, the tutorial is actually found at renhelp, at <http://www.renhelp.co.uk/Tutorials/FAQ> (I hope the link works, else you know where to find it.) Anyway, I think it was copy-pasted already.

I hope that General Havoc could link the FAQ with the water tutorial to avoid this in the future.
Thx!
