Well, in theory, every dedicated server will use RenGuard (that's the theory, I know some people will forever be skeptics and hence overrun by cheaters) -- so WOL and GSA would actually be able to share a ladder.

I already do this on a small scale for my WOLSpy server:

[http://www.n00bstories.com/ladder\\_n00bsvr01.php](http://www.n00bstories.com/ladder_n00bsvr01.php)
