I don't know if any of you remember me, but I've been around since the release of C&C: Tib Dawn like a lot of you. Anyways I have a few important questions for the forum members.

Before I return to Renegade I would like these answered please, just so I am up to date.

Mods? Are there any new mods worth a hoot to look at? Any good maps I'm missing (to narrow it down I like medium sized maps with tunnels and 3-4 entrance points only)?

Finally the other questions:

WTF has happened? Have cheats finally broken through Renegade?

Still as many n00bs as always?

What Sniper servers are the best now?

Still a lot of servers?

I'll stop because most of the other questions are easy to figure out on my own. Basically, wassap?
