How did you get Micrsoft to look like that? I've got that theme for StyleXP, but the bar was on the buttom and there wasn't that quick start thing on the buttom.

Here's my desktop pictures:

Desktop Without Startbar
Desktop With Startbar

Yes, I'm a big fan of Halo.

That is a mac computer running a mac OS.... :rolleyes:

Umm, I use a program called StyleXP to make it look like Macintosh and more.
