i have the same message  
first i had brenbot running oke, but then i let br1.3 run also,with irc]  
@first seemd oke but now i got the same message  
then when i came home it was  
out off mirc  
msg b4 was bot -o -q  
bot wasn't in mirc anymore  
dunno what happend  
btw the !msg didn't show up in mirc ,but on br1.3&fds  
!pi same result
